

We are writing to comment on the possibility of losing our K-LOVE translator signal to LPFM. We believe it is extremely important that this not happen for the following reasons:

- 1) In our community, other radio stations are often mainly commercials; DJs and other speakers make lewd and offensive comments and often even have these kinds of conversations on the air--WHICH WE DO NOT APPROVE OF--; the value systems presented on other stations often do not agree with our value system, and, in fact, encourage another.
- 2) K-LOVE is a "breath of fresh air," and has a positive and encouraging impact on us both individually and on our community at large. If this were to be replaced by an LPFM providing other programming; it would be a huge loss. Other Christian stations offer mainly teaching. Those with music largely fall at one or the other end of the continuum between Christian "rock" or "elevator music." K-LOVE plays all types of music and presents almost only music--a great change from other stations.
- 3) The service provided by K-LOVE is in the public interest specifically because it is a station that is encouraging (and listened to daily) by/for people of all ages, is non-offensive, and promotes wholesome ethics and values--something sorely needed across the country.

We urge the FCC to not take any action that would remove K-LOVE from the air. K-LOVE is listened to by thousands of people across the country (we hear on the air comments from them daily, and it would be a huge public disservice if it were lost to an LPFM broadcast.

Thank you for your careful attention and consideration to this comment.
